

IMPORTANT REMINDERS & POLICIES

About your child:

1. Infant/Toddlers--Any child prone to bowel accidents, no matter what the child's age, must wear approved swim pants. Wearing approved swim pants, which are tight around legs and waist, insures that feces will not get into the pool. In the event that feces do get into the pool, the pool must shut down and all remaining lesson that day canceled. Child should arrive with diaper under the swim pants. Just before your child swims take the diaper off. No infant/toddler will be allowed in the water without pre-approved swim pants. You should buy them before the first day of lessons.
2. NO DAIRY OR CITRUS PRODUCTS---3 HOURS BEFORE SWIM.
3. Infection-- Eye infections of any nature are not allowed in the pool. Any sores or open cuts must be brought to my attention.
4. Sunscreen--Parents, please do not put sunscreen on your child. If you want to guard against the sun have your child wear a rash guard shirt in the water. Sunscreen makes your child slippery in the water and it is very important that I maintain a good grip on your child.
5. All new clients must speak with me by phone before scheduling lessons. It is imperative that all clients know the policies and procedures of the Guppieswim School .

About our home:

1. Please do not speed in the subdivision . Speed limit is 25 mph.
2. Please park in driveway or park in front of the house. Please don't block anyone in the driveway. If your car is leaking any oil or anything else I would appreciate if you would park your car in the street Thank You.
3. Bathroom--we only have one available and it is inside the house. It is for emergency use only. Parents, you must escort your child to and from the bathroom, no matter how old the child. If the weather is cold you may change your child inside. Be quick in the bathroom as there is always someone who will need to use it!

About the lessons:

1. Rain -We swim in the rain but NOT LIGHTNING! Call ahead if you have any doubts about the weather. If you get voicemail, I am in the water and we are swimming. I will make every effort to call you if we have to cancel.
2. Make-up lessons are a courtesy. There will be no make-up lessons for "No Shows."
3. Lessons start on time and end on time!

Your input and communication concerning the welfare of your child is very important to me. Please don't be afraid to ask question!
